Summary

I am a computer science student at Assam Downtown University and a tech enthusiast with a passion for developing innovative software solutions. As a full-stack developer, I have a strong foundation in both front-end and back-end technologies, and have experience in languages such as Java, C++, and HTML/CSS. In my current role as a programmer, I have contributed to several successful projects and have a track record of delivering high-quality code on time. I am always seeking out new challenges and opportunities to learn and grow as a developer, and am dedicated to staying up-to-date with the latest technologies and best practices in the field. As a tech enthusiast, I enjoy staying abreast of the latest trends and developments in the industry and sharing my knowledge with others. In my free time, you can find me tinkering with new projects or collaborating with other developers on open-source projects.
